

FRIENDS OF WILDLIFE
P.O. BOX 1505
Ann Arbor, MI 48106
734 913 9843

If you have found an orphaned or injured animal or need advice, please call the appropriate species Contact Number on the reverse side of this card. Please be patient, all of our volunteers are very busy. They will return your call as soon as possible.

Friends of Wildlife is a non profit 501C3, volunteer organization dedicated to the emergency care of injured and orphaned native wild animals. Our goal is to return these animals to their natural habitat, independent of humans. Friends of Wildlife trained and licensed rehabilitators endorses the professional standards of NWRA and IWRC.

Wildlife rehabilitation requires skill and training. It is the animal that suffers or even dies in inexperienced hands. It is not only dangerous but illegal to possess Native Michigan Wildlife without a DNR permit.
